REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Pension and Retirement Fund
Committee and Participants of
Hearth & Home Technologies Inc.

We have audited the accompanying statement of net assets available for benefits of Hearth & Home Technologies Inc. Retirement Plan (the "Plan") as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003 and 2002, and the changes in net assets available for benefits for the year ended December 31, 2003, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic 2003 financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2003 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic 2003 financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

HEARTH & HOME TECHNOLOGIES INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2003 AND 2002 AND FOR THE YEAR ENDED DECEMBER 31, 2003

1. DESCRIPTION OF PLAN

The following description of the Hearth & Home Technologies Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan was originally established effective January 1, 1990, as the Allied Fireside, Inc. Retirement Savings Plan ("Allied Plan"). Hearth Technologies Inc., a subsidiary of HON INDUSTRIES Inc., became the sponsoring employer of the Plan and the participants were transferred to the employ of Hearth Technologies Inc. on January 28, 2000. Effective January 1, 2002, the American Fireplace Company Tax-Sheltered Thrift Plan and Trust ("AFC Plan") and the Hearth Services Inc. 401(k) Retirement Plan ("HSI Plan") were merged into this plan. The Plan was then renamed the Hearth Technologies Inc. Retirement Plan. Effective October 22, 2002, Hearth Technologies Inc. was renamed Hearth & Home Technologies Inc. and the Plan was renamed Hearth & Home Technologies Inc. Retirement Plan.

The Plan is a defined contribution plan for all regular, nonbargaining employees who are age 18 or older, of Hearth & Home Technologies Inc. An individual shall be a participant in the Plan as of January 1, 2002, if the individual (a) was an HTI Member (defined as an employee of Hearth Technologies Inc. in Lakeville, Minnesota; Mt. Pleasant, Iowa; Lake City, Minnesota; Colville, Washington; or Annapolis Junction, Maryland) or an HSI Member (any other person employed by Hearth Technologies Inc. or a Participating Affiliate) on January 1, 2002, and (b) on December 31, 2001, was a participant in the either the Allied Plan, the AFC Plan, the HSI Plan, or the HON INDUSTRIES Inc. Profit Sharing Retirement Plan. Employees can enroll in the Plan as of the first day of the earliest payroll period 90 days after the date of hire (the entry date). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective March 1, 2003, the Plan was amended to: 1) allow participants involved in a facility closure to be eligible for proportionate annual employer contributions in the year of closure and 2) allow account transfers to/from other employer sponsored plans.

Contributions - The Plan generally provides for the employer to contribute an amount equal to 2.5% of each HTI participant's compensation earned while an active participant during the first three quarters of the Plan year and the last quarter of the prior Plan year ("Employer Retirement Contributions"). The employer may make additional contributions to the Plan from accumulated profits, at the discretion of the Board of Directors ("Employer Profit Sharing Contributions"). The discretionary contribution to the Plan for the year ended December 31, 2003 was \$2,867,457. In addition, the employer contributes a number of shares of HON INDUSTRIES Inc. ("Company") stock with a fair market value as of the date of the contribution, equal to a certain percentage of a participant's compensation earned as described above (2% for HTI members and 1% for HSI members) ("Employer Company Ownership Contributions"). Finally, HSI members are eligible to receive employer matching contributions (50% up to 5% of a participant's eligible compensation) 90 days after the date of hire. Participants may make voluntary pretax and after-tax contributions up to 75% of their compensation, subject to certain limitations. The Plan permits the acceptance of an account balance from another qualified plan by means of a direct transfer or rollover.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of Company profit sharing contributions and Plan earnings, and charged with withdrawals and an allocation of Plan losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their accounts.

Investment Options – Participants may direct their account balances in any of fourteen investment options, which includes HON INDUSTRIES Inc. common stock, six collective funds and seven mutual funds. A participant's investment in Company stock is limited to a maximum of 25% of his/her account balance.

Loans to Participants – A participant may borrow up to the lesser of \$50,000 or 50% of his or her vested account balance with a minimum loan amount of \$1,000. Loans are repayable through payroll deductions over periods up to 60 months (15 years in the case of a loan used to acquire a principal residence). The fixed interest rate is based on prevailing market conditions. The loans are secured by the balance in the participant's account.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant generally may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installment payments over a period of not less than 15 years. For termination of service due to other reasons, a participant must receive the value of the vested interest in his or her account as a lump sum distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation – The Plan's investments are carried at fair value. Fair value is the last reported sales price on the last business day of the month for securities traded on a national securities exchange. Fair value for shares of the mutual fund investments is the net asset value of those shares as computed by the respective funds.

Administrative Expenses – Administrative expenses are paid for by the Company.

Payment of Benefits – Benefit payments to participants are recorded upon distribution. Amounts allocated to persons who have elected to withdraw from the Plan but have not yet been paid were \$46,830 and \$175,459 at December 31, 2003 and December 31, 2002, respectively.
